Dear Ms. Reese:

<u>Version</u>	<u>Description</u>	<u>Title</u>

4.0.0	2.	Hub Area Map

STATEMENT OF NATURE, REASONS AND BASIS

The purpose of this filing, made in accordance with Section 154.204 of the Commission's Regulations, is to propose administrative housekeeping revisions to FEP's Tariff; specifically, updating the Uniform Resource Locator ("URL") links related to FEP's Tariff maps. FEP recently performed a system upgrade to its Informational Postings Website which required the adoption of a modified routing structure to the URL links associated with its Tariff maps. As a result, the URL links located within the System Map and Hub Area Map tariff records have been updated to reflect the revised path for accessing the respective map.

IMPLEMENTATION AND WAIVER REQUEST

Pursuant to Section 154.7(a)(9) of the Commission's Regulations, FEP requests that the proposed tariff records be accepted effective April 20, 2026. FEP respectfully requests the Commission grant any waivers of its Regulations that it deems necessary to allow the proposed tariff records in this filing to become effective on April 20, 2026.

CONTENTS OF THE FILING

This filing is made in electronic format in compliance with Section 154.4 of the Commission's Regulations. The proposed tariff records in RTF format with metadata attached are being submitted as part of an XML filing package containing the following:

- A transmittal letter including a Statement of Nature, Reasons and Basis in PDF format;
